- 🗨️ Boardrooms

MODULAR BUILDING SYSTEM

A precision-made building system with a bolted steel structure, double skinned fibre cement walls and a proven life span of over 50 years. The bolted structure allows this system to be relocated.

IDEAL FOR

- 📄 Permanent and long term projects
- 🏠 Camps (dormitories, ablutions, kitchens and dining rooms)
- 📖 Schools
- 🏥 Clinics

Agrément Certificate 90/205

POLYCORE BUILDING SYSTEM

A cost effective accommodation solution that uses a chromadek and polystyrene sandwich panel and a choice of 3 different roofing options. This system is supplied flat pack and erected on site.

- 🏠 Dormitories
- 📄 Ablutions
- 📄 Offices

FR POLYCORE BUILDING SYSTEM

The system makes use of a vacuum bonded chromadek sandwich panel with a 30 minute fire rating and is certified by the Agrément Board of South Africa. Other than the fire rated wall panel, the system is identical to the Polycore Building System.

- 🏠 Accommodation
- 📄 Offices

PREFABRICATED BUILDING SOLUTIONS

INTERLOCKING PANEL SYSTEM

A single skinned interlocking building system that requires no nuts or bolts, and can be erected with unskilled labour. It is easily dismantled and relocated.

IDEAL FOR

- 🏠 Emergency / temporary housing
- 📦 Storerooms and site canteens
- 🏢 Offices and accommodation

FOLDING MOBILE UNIT

These units can be stacked to a maximum of 5 units on top of each other for transport or storage purposes. The unit has a roof structure that acts as a cover in its folded state which ensures excellent durability with little or no maintenance.

IDEAL FOR

- 🏠 Accommodation
- 🏢 Offices
- 📶 Remote sites / Quick Establishment

CONVERTED CONTAINERS

FSM has increased its prefabricated building options to include converted containers. The container can either be converted by FSM at our factory to the client specifications or supplied in a kit form for conversion by the client on site.

IDEAL FOR

- 🏠 Accommodation
- 🚿 Ablutions
- 🏢 Offices
- 📦 Storage Facility
- 🎛️ Control Rooms

CUSTOM DESIGN UNITS

Specialised units and buildings to suit our customers needs. These range from E-Houses which contain heavy electronic switchgear, transformers and generators to custom finished buildings for uses ranging from Hotels to Banks.

IDEAL FOR
